

Elect **Joe Hassell**
for Harrison Township Committee

- Graduated from Harrison Twp and Clearview Regional High School, The College of New Jersey (Phi Beta Kappa); currently attending Rutgers Camden School of Law (JD Candidate)
- **Committed to Community:** Having lived in Harrison Township and going through the school system, I'm appreciative of my experiences, neighbors, and friends in this community.
- **Fair & Honest:** I won't compromise my core values. At all times I'll be honest with you, and base my decisions on what's best for everyone, not on political favors. This is my home. I truly care for Harrison Township.

• **Fiscally Responsible:** I believe in living within one's means. I know the sacrifice taxpaying citizens make to keep our township going. When elected to the committee, I'll be committed to routing out waste and redundancies in the township budget, and insist on realistic spending.

- **Resourceful:** I've worked hard to get where I am today. Nothing has been handed to me. When faced with a challenge, I research the issues, listen to others for their input, and then craft a solution from the best ideas. I'm confident that this approach will result in solutions that we can all live with and will work.

Elect **Joseph Lancellotti**
for Harrison Township Committee

- 20 year resident of Harrison Township; alumni of Clearview High School and Gloucester County Institute of Technology.
- **Innovative:** As a small business owner in Woodbury Heights and Haddonfield, New Jersey, I understand the need and importance of revitalizing our Main Street and enhancing its family atmosphere.
- **Independent Voice:** As your committeeman, I am committed to bringing a practical and evenhanded vote to the board.
- **Trustworthy:** Having your trust, Harrison Township will know my dedication to ensuring that our committee acts with integrity and fairness to the various groups that comprise our community.

Elect

Hassell & Lancellotti
